

Brain-Based Play Therapy & Early Intervention Training for 0-8 Therapists & Educators

***“Unifying Play Therapies & Early Intervention
through Neuroscience!”***

Brain-Based Play Therapy & Early Intervention On-Site Training*

Therapists, counselors & educator support staff can receive 1-5 days of on-site training in Brain-Based play therapy and early intervention for at-risk children 0-8.

PALS On-site Teacher Training*

Our 2-day or NEW 1-day training’s designed to train 0-3, Pre-K, and K-2 teachers to become effective change agents by weaving inclusive intervention procedures into the daily fabric of teacher-student interaction that build bonds, set boundaries, and teach social skills. It is usually scheduled back to back with the Partner training below.

PALS On-site Partner Training for School Counselors & Mental Health Support Staff*

Two 1-day training’s designed to train support staff (counselors, social workers, etc.) to reduce caseloads by coaching and supporting teachers to use inclusive interventions before referring for counseling or other individual interventions.

PALS On-Site Trainer “Certification” Training*

Staff can attend an on-site 5-day training to be certified as PALS trainers and coordinators for their district, program, or school.

** On-site Assessment & Planning, PALS, Play Therapy/Early Intervention Training & Keynotes are \$2199 for single days & \$1999 per day for multiple days scheduled back to back plus all expenses & materials. Prices are subject to change.*

*** Long Distance Assessment, Consulting, Coaching, & Troubleshooting are \$99 per hour plus phone charges*
